

AUDIO AND VIDEO SURVEILLANCE ON SCHOOL BUSES

Video cameras may be used on school buses to monitor student behavior. Audio recordings in conjunction with video recordings may also be captured on school buses, in accordance with the provisions of RSA 570-A:2.

Notification of such recordings is hereby established in this policy and in Policy JICBB- Pupil Safety and Violence Prevention. The Superintendent or his/her designee will ensure that there is a sign prominently displayed on the school buses informing the occupants of the school buses that such video and audio recordings are occurring.

The Superintendent is charged with establishing administrative procedures to address the length of time which the recording is retained, ownership of the recording, limitations on who may view and listen to the recording, and provisions for erasing or destroying the recordings. That procedure shall comply with RSA 570-A:2, II (k)(2) which provides in pertinent part: "In no event, however, shall the recording be retained for longer than 10 school days unless the school district determines that the recording is relevant to a disciplinary proceeding, or a court orders that it be retained for a longer period of time.

Recordings may be viewed only by the following persons and only after being expressly authorized by the Superintendent:

- Superintendent or designee
- Business Administrator
- Building Administrator
- Law Enforcement Officers
- Transportation Contractor Official

In the event an audio or video recording is used as part of a student discipline proceeding, such video may become part of a student's education record. If an audio or video recording does become part of a student's education record, the provisions of Policy JRA shall apply.

The Superintendent is authorized to contact the District's attorney for a full legal opinion relative in the event of such an occurrence.
