

STAFF CONFLICT OF INTEREST

Employees of the District will not engage in, or have a financial interest in, any activity that raises a reasonable question of conflict of interest with their duties and responsibilities as members of the school staff. This includes but is not limited to:

1. Employees will not participate for financial remuneration in outside activities wherein their position on the staff is used to sell goods and services to pupils or their parents.
2. Employees who have patented or copyrighted any device, publication, or other item will not receive royalties for use of such item in the district schools.
3. Employees will not engage in any type of work where the source of information concerning customer, client, or employer originates from information obtained through the school system.
4. School employees will not solicit or sell for personal gain any educational materials or equipment in the attendance areas served by the school to which they are assigned. Nor will any employees make available lists of names of students or parents to anyone for sales purposes.
5. The district will not purchase supplies or materials from a staff member of the school district, nor from a member of the household of the staff member except by open competitive bid.

To avoid nepotism in the supervision of personnel, the Board directs that no employee be assigned in any position where the employee would be responsible to a relative.
